

NURTURE, SUPPORT AND ACCOUNTABILITY GROUP MENTOR TRAINING

Mission Behind Bars and Beyond (MB3) is a faith-based non-profit that provides mentoring programs for individuals returning to the community after a period of incarceration. MB3 trains volunteers to form Nurture, Support and Accountability Groups (NSAG) to help returning citizens navigate the waters of re-entry. The NSAGs are comprised of three to six individuals who agree to covenant with one returning citizens for a 6-month period. During the six months, the NSAG members make meetings with the mentee. They provide critical emotional support and assist them with identifying resources such as housing, recovery programs, employment, and transportation. The NSAG also provides the returning citizens with exposure to people living faith-filled, successful and positive lives.
